

SANITHERM PRODUCT LINE CARD

Water & Wastewater Treatment & System Specialists

Over 70 years of excellence.

Aeration:

Aeration Industries

- Triton Aire-O2 surface aerators
- Mixers
- ARGOS Sequencing Batch Reactor
- EQ basins
- Lagoon Solutions
- Retrofits

Static-Tube Aerator

- Polcon –manufacturer of the "HELIXOR"

Pro-Equipment

- Aeration, conveying & mixing
- Solids separation & handling
- Industrial

Automatic Self-Cleaning Filters:

Amiad Filtration Systems

Plastic, steel, disc or thread/microfiber manual to fully automatic filtration levels from 3500 microns to 2 microns

Applications- Pump house/Lift Stations/RO pretreatment/Cooling Towers/Mining

Blowers and Compressors:

Aerezen

- Rotary lobe compressors, Positive displacement blowers, High Speed Turbo blowers

Membranes:

Toray

- Wastewater MBR Elements (NHP High Capacity patented technology)
- Reverse Osmosis, Nano filtration, Ultrafiltration

Odour Control:

Vapex Environmental Technologies

- Radical Odour Control Technology
- Treats odors, remediates surface fats, oils and grease.
- Mitigates microbial induced corrosion

SANITHERM[®] ULC

A Clean Harbors Company

UV Systems:

Evoqua Brand

- ETS UV systems for drinking water, wastewater and re-use

Hallett

- UV systems for drinking water, wastewater and re-use

Wastewater Clarification:

Envirodyne Systems

- Water & Wastewater Clarifiers
- Digestors & Dewatering
- Inclined Plate Settlers
- Gravity Thickeners

Enduro

- FRP tanks, covers & baffle systems for water & wastewater treatment

Envirex & Evoqua Brand

- Envirex circular & chain & scraper wastewater clarification systems

Wastewater Separating Systems:

Ellis Corp

- Dissolved Air Floatation
- Oil-water separators
- Inclined plate clarifiers

Package Wastewater & Water Treatment Systems:

- Prefabricated MBR Systems
- Prefabricated Water Systems
- Sell/Rent/Lease/Retrofit/Pilot
- Wastewater & Water Solutions for field accommodations, oil & gas, mining, remote locations and small communities
- Certified Operators
- In-house/Onsite Training
- Specialists in the operation, plant optimization, startup and maintenance of water & wastewater facilities
- Aerated Lagoon repairs
